RE: MAHONING COUNTY
CROWES CABINETS, INC.
NPDES PERMIT NO. OHR000005
OHIO EPA PERMIT NO. 3GR01213*EG
INDUSTRIAL STORM WATER INSPECTION

Tim Crowe
Crowes Cabinets, Inc.
725 South Hubbard Road
Lowellville, OH 44436

Dear Mr. Crowe:

On October 11, 2012, Ohio EPA conducted an inspection at Crowes Cabinets, Inc., located at 725 South Hubbard Road, Coitsville Township, Mahoning County (facility). During the inspection, you and Roberta Crowe represented the facility.

The facility's industrial activities are categorized by Standard Industrial Classification (SIC) Code 2521: Wood Office Furniture and are authorized by General National Pollutant Discharge Elimination System Permit for Storm Water Associated with Industrial Activity (Multi-Sector General Permit), permit No. 3GR01213*EG.

Site Inspection

The inspection documented the following:

- The facility is in the process of relocating to a larger building located at 590 Western Reserve Road, Building No. 8, Village of Poland, Mahoning County.
- Section 5.0 of the storm water pollution prevention plan (SWP3) states that routine facility inspections will be performed. The SWP3 must be revised to define a specific frequency (i.e. once per week, once per month, etc.).
- The facility's SWP3 was last updated August 5, 2010, and will not be reflective of the new building where industrial activities are to be relocated. In light of the relocation, Ohio EPA will not require the current SWP3 to be revised to address the existing facility, but will require the SWP3 to be revised to be reflective of the new building. In addition, revised contact information must be submitted to update the facility's permit.

Corrective Action

The facility's SWP3 must be revised to address the requirements of the Multi-Sector General Permit and the industrial activities being performed at the new facility. Written correspondence must be submitted to Ohio EPA with updated information (i.e. facility location, contact
