Mr. Doug Mullen

Waverly, Ohio 45690

Dear Mr. Mullen:

On October 24, 2012, I conducted an inspection of your facility. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comment:

Your facility appeared to be in compliance with permit conditions related to pollutant exposure in the General Industrial Storm Water Permit that has been issued to you by the Ohio EPA. Please continue to implement permit requirements in the future.

Our records do not indicate that your facility has renewed coverage under the General Industrial Storm Water Permit. Submit your renewal application for the Industrial General Storm Water Permit immediately. The application and instructions can be found at this website address:

If you have any questions, please contact me at (740) 380-5277.

Sincerely,
