Dear Mr. Kidwell:

On October 17, 2012, I conducted an inspection of your facility. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comment:

Your facility appeared to be in compliance with the General Industrial Storm Water Permit that has been issued to you by the Ohio EPA. Please continue to implement permit requirements in the future. Ensure that all aspects of your Storm Water Pollution Prevention Plan have been updated to reflect new permit conditions.

If you have any questions, please contact me at (740) 380-5277.

Sincerely,
