Mr. Rick Kemper  
Smith Concrete Company  
26650 State Route 7  
Marietta, Ohio 45750

Dear Mr. Kemper:

On September 20, 2012, I conducted an inspection of your facility. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspections, I have the following comment:

**Your facility appeared to be in compliance with the General Industrial Storm Water Permit that has been issued to you by the Ohio EPA. Please continue to implement permit requirements in the future. Also please update your storm water plan.**

During the inspection, Dusty Uribe proposed to add additional best management practices concerning storm water controls that would increase the ability to reduce total suspended solids. Please support Dusty in making these changes at the facility.

If you have any questions, please contact me at (740) 380-5277.

Sincerely,

A handwritten signature in black ink, appearing to read 'AW', written over a horizontal line.

Aaron Wolfe  
Storm Water Coordinator  
Division of Surface Water
