**Re: House of Blessings Worship Center / Franklin County  
Construction Storm Water Permit 4GC02994\*AG**

Dear Pastor Phillips:

This letter is written in follow-up to a construction storm water inspection that I conducted on November 21, 2012, at the House of Blessings Worship Center located at 3633 Big Run South Road. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, the following was noted:

**Sediment and Erosion Controls:**

- It appears that most site work is completed at this site. The barren areas at the site are stabilized.
- The entrance to the site had a well maintained gravel drive.
- You are compliant with your construction storm water permit.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
