Dear Mr. Green:

On October 31, 2012, I conducted an inspection of your facility. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of the inspection, I have the following comments

Your facility appeared to be in compliance with permit conditions contained in the General Industrial Storm Water Permit that has been issued to you by the Ohio EPA. Please continue to implement permit requirements in the future.

It appears that Masco may potentially be terminating this permit in the future. Here are the following links to the proper permit termination forms.
