**Re: Industrial Storm Water Inspection at Lydall Thermal Acoustical Permit
Number 4GR00370*AG**

Dear Mr. Smith:

This letter is written regarding my storm water inspection conducted at Lydall Thermal Acoustical located in Columbus, Ohio on November 29, 2012. I understand this facility was covered under the General Storm Water Permit Associated with Industrial Activities. Your facility permit number is 4GR00370*AG. The following items were noted during the inspection:

Site Inspection;

- It appears this facility may have relocated as I was unable to locate your operations at 6767 Huntley Road in Columbus, Ohio. In the event you have ceased industrial activities, please submit a Notice of Termination (NOT) form to discontinue coverage at the site. In the event industrial operations continue at this location or an alternate site, the following criteria would apply.

Storm Water Permit:

- The General Permit for this facility has expired. The facility must seek re-authorization under the Multi Sector General Storm Water Permit. The permit, application and guidance material can be found at the following address
http://www.epa.ohio.gov/dsw/permits/GP_IndustrialStormWater.aspx.
Failing to renew coverage is a direction violation of 40CFR 122.26 and OAC 3745-39.
- Please submit your application for renewal within seven days from receipt of this letter.

Storm Water Pollution Prevention Plan (SWPPP):

- The SWPPP must be updated within 180 days to reflect the new conditions of the General Permit. Again, please refer to your corresponding sector for the additional conditions in the link provided above for reference.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
