**Re: Pitts Ohio Express Columbus Terminal / Franklin County  
Industrial Storm Water Permit 4GR00567\*DG**

Dear Mr. Stipcak:

This letter is written in regard to the storm water inspection that I conducted on October 29, 2012, at Pitts Ohio Express Columbus Terminal located at 2101 Hardy Parkway, in Grove City, Ohio. The inspection was conducted to determine compliance with your industrial storm water permit. I did not note any discharge from your facility to storm water drains, waters of the state or off of your property. Overall, the facility was well-kept. The following items were noted during the inspection:

1. Empty drums were stored outside on pavement near the maintenance shop. Please be aware that empty drums should be stored upright with a lid.
2. There were waste containers and roll-offs that did not have covers. Please install covers on all waste containers, dumpsters and roll-offs. Covers are not needed for cardboard-only containers or wood-only containers. Please see attached pictures.
3. There appeared to be a car wash located in the parking lot. It did not appear to have containment for the wash water. Wastewater from a car wash should be collected and discharged to the sanitary sewer system (with the City's permission) or hauled off-site by an approved hauler. Please see attached pictures.
4. Please submit an electronic copy of your storm water pollution prevention plan to [greg.sanders@epa.state.oh.us](mailto:greg.sanders@epa.state.oh.us). Please include a signature and date of the annual review.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
