Dear Operations Manager:

This letter is written regarding a storm water inspection I conducted at Catalina Tempering in Utica Ohio on December 17, 2012.

Based on my inspection it appears this operation has been recently acquired from Holophane. Please understand this facility was initially covered under a Storm Water Permit issued by Ohio EPA as mandated under 40 CFR 122.26. The coverage for this site has expired. Please contact me within seven days from receipt of this letter to determine if continued coverage is required.

If you have any question regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844 or email at harry.kallipolitis@epa.state.oh.us. A follow up inspection will be conducted to ensure the conditions of the General Permit are met.
