**Re: Industrial Storm Water Inspection at Columbus DC
Permit Number: 4G400396*EG**

Dear Mr. Meyer:

This letter is written regarding my storm water inspections conducted at Columbus DC, located at 6611 Broughton Avenue, Columbus, Ohio on January 3, 2013. It is my understanding; you currently covered under Ohio EPA's Multi Sector General Permit.

Based on my observations, I noted the majority of the site is currently conducted under roof with minimal exposures to storm water. I recommend investigating a No Exposure Certification for this site.

No Exposure Certification:

Ohio EPA has adopted the federal "No Exposure Certification" application form and is using the federal guidance document to determine whether facilities are eligible for the no exposure exemption. The "No Exposure Certification" exempts the facility from Storm Water Permitting requirements provided all processes and materials are stored under roof and you qualify in accordance with filing instructions (links) below. Facilities may apply for this exclusion. "No Exposure Certification" guidance, application form and instructions document is available at: http://cfpub.epa.gov/npdes/stormwater/exposure.cfm?program_id=6. Applicants should complete the form according to the instructions in the guidance and mail it to:

Ohio Environmental Protection Agency
Division of Surface Water
Attn: Michael Joseph
P.O. Box 1049
Columbus, OH 43216-1049

Page -2-

If you qualify for no exposure certification, you are exempt from permit requirements until your facility no longer qualifies for no exposure certification. If your facility changes and can no longer claim no exposure to storm water you must submit the appropriate permit application for storm water discharge.

The "No Exposure Certification" must be filled out and submitted every five years.

Additional information regarding "No Exposure Certification"
http://www.epa.state.oh.us/dsw/storm/ind_noexp_cert.aspx

The actual form you need to fill out is located at:
http://www.epa.gov/npdes/pubs/noexpoform_app4.pdf)

In addition, do you own or operate the facility known as Frito Lay Inc. located at 3815 Zane Trace Drive in Columbus, Ohio **Permit Number: 4GR000009*BG**. It appears this facility has terminated operations at this site and must file a Notice of Termination.

If you have any questions regarding this letter or my inspection, please contact me at 614-728-3844 or via email at harry.kallipolitis@epa.state.oh.us.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office.
