**Re: Agrifuels LLC Biodiesel / Fairfield County
Industrial Storm Water Permit 4GR00427*DG**

Dear Mr. McCandlish:

This letter is written in regard to the storm water inspection that I conducted on January 31, 2013, at Agrifuels LLC Biodiesel located at 112 South Broad Street in Bremen, Ohio. The inspection was conducted in order to determine compliance with your industrial storm water permit. I did not note any discharges from your facility to a storm water drain or waters of the state. It appears that your facility is closed. The following items were noted during the inspection:

1. There were several full or partially full drums and totes stored outside. Full or partially full drums and/or totes should be stored inside.
2. If the tanks in the rear of the building contain fluid, then install a dike that directs the flow to the containment pond.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders
