Permit Number: 4GC03810*AG**

Dear Mr. Yoho,

This letter is written in follow-up to a construction storm water inspection I conducted, at Blacks Road Project located in Licking County on October 11, 2012. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

It appeared that construction activity has been completed for this site. A Notice of Termination is required. Please address the following:

- Please continue to monitor vegetation to ensure a successful covered measured by a minimum density of 70 percent.
- A Notice of Termination (NOT) must be submitted once vegetation is successfully established. The NOT form and filing instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844.

Sincerely,
