RE: Lewisburg Container Company, Reconnaissance Inspection (RI)

Dear Mr. Day:

On August 9, 2012, I conducted a Reconnaissance Inspection at the Lewisburg Container Company facility. A copy of my inspection report is enclosed. The inspection report notes no deficiencies.

Based on my observations of the site's operations, it appears the facility is in substantial compliance with the terms of its industrial stormwater discharge permit.

If you have any questions or comments concerning the contents of this letter, please feel free to contact me at this office.
