Re: **Notice of Violation**  
Allen County  
Superior Forge and Steel Corporation  
Ohio EPA Permit No. 2ID00012  
NPDES Permit No. OH0095346

March 11, 2013

Mr. Michael Nigh  
EHS Manager  
Superior Forge and Steel Corporation  
1820 McClain Road  
Lima, Ohio 45804

Dear Mr. Nigh:

This letter serves as a Notice of Violation (NOV) to inform you that we are missing the discharge monitoring reports listed on the enclosed sheet of paper. As a reminder, hard copy self-monitoring report submissions are due on the 15<sup>th</sup> day of the following month and electronic submissions are due on the 20<sup>th</sup> day of the following month. Submit the missing reports **within 10 days** of the date of this letter. Even if no discharge occurs, as long as the permit is in place, a report must be submitted.

Please inform this office in writing, **within 10 days**, as to the reasons for the above referenced violations, as well as a description of the actions taken or proposed to prevent any further violations. Your response should include the dates, either actual or proposed, for completion of the actions.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General Conditions of your National Pollutant Discharge Elimination System (NPDES) permit may be cause for enforcement action pursuant to Ohio Revised Code (ORC) Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

Mr. Michael Nigh  
March 11, 2013  
Page Two

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://epa.ohio.gov/ocapp> or by calling (614) 644 – 3469.

If there are any questions, please contact me at (419) 373 – 3022.

Sincerely,

Justin A. Williams  
Environmental Specialist II  
Division of Surface Water
