**Re: Frick/Gallagher/Ray-O-Vac, Fairfield County**

Dear Mr. Filippi:

This letter is written regarding a storm water inspection that I conducted on August 31, 2012, at Frick/Gallagher/Ray-O-Vac located at 330 South Ewing Street in Lancaster, Ohio. Ohio EPA has received and approved this site for coverage under the General Storm Water Permit associated with Construction Activities. It appeared during the inspection that construction activity has been completed for this site and all disturbed areas had been permanently stabilized. You stated in a voice message that the construction at this site has been completed. In order to terminate the general storm water construction permit, please address the following:

**Post Construction Requirements:**

The General Permit mandates specific water quality treatment for storm water following the completion of construction (see attachment). Please be able to demonstrate your post construction requirements per the General Permit will be met. Please submit to my attention the water quality calculations demonstrating compliance. This information can be sent to my attention via a response letter, or to my email at [greg.sanders@epa.state.oh.us](mailto:greg.sanders@epa.state.oh.us).

Please submit a Notice of Termination application. Instructions can be found at [http://epa.ohio.gov/portals/35/documents/NOT\\_instructions2\\_s.pdf](http://epa.ohio.gov/portals/35/documents/NOT_instructions2_s.pdf) and the application form at

[http://epa.ohio.gov/portals/35/documents/NOT\\_app\\_fis.pdf](http://epa.ohio.gov/portals/35/documents/NOT_app_fis.pdf).

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
