**Re: Storm Water Inspection at Tri Palm International LLC / Franklin County
Permit #: 4GR00058*DG**

Dear Mr. Tu Dile:

This letter is written regarding an industrial storm water inspection I conducted at Tri Palm International LLC located at 265 North Hamilton Road, Columbus, Ohio on August 7, 2012. This facility was initially covered under Ohio EPA's Industrial General Storm Water Permit.

Please note the Industrial Storm Water Permit coverage for this site has expired. This facility must either submit a notice of termination or reapply under Ohio EPA's Multi Sector General Permit (MSGP). Based on site observation it appeared that industrial activities have temporarily ceased at this location.

At this time I am formally requesting a response to this letter indicating what measure will be taking to address the permitting deficiencies at this site. Please contact me at your convenience (614)728-3844 to address this issue in detail.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office
