**RE: Progressive Insurance Project, Permit # 1GC04481\*AG  
Construction Site Inspection**

Dear Mr. Hudak:

On Monday, February 25, 2013, I inspected the site at which Progressive Insurance is building a new office. The site is located at 8090 N. Dixie Drive in Dayton, Ohio. The inspection was done to determine the project's compliance with its NPDES construction site stormwater discharge permit. Mr. Shaun Martin represented Higley Construction during this inspection.

Based on my observations of the site and discussions with Shaun, the site appeared to be in substantial compliance with the requirements of its construction permit.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit issued for the project must be terminated. A one page "Notice of Termination" (NOT) form may be found at <http://www.epa.ohio.gov/dsw/storm/index.aspx>.

If you have questions regarding the letter you can contact me at (937) 285-6442, or via email at [chris.cotton@epa.ohio.gov](mailto:chris.cotton@epa.ohio.gov).

Sincerely,

A handwritten signature in black ink that reads "Chris Cotton".
