**RE: Miami Valley Islamic Association; NPDES Permit # 1GC04400\*AG;  
Construction Site Inspection**

Dear Mr. Keeran:

On Wednesday, April 24, 2013, I inspected the Masjid-Al Madeenah project in Springfield, Ohio, to determine compliance with its NPDES construction site storm water discharge permit. I walked the property, but did not meet with anyone while at the site.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review sediment control inspection logs, or the site's storm water pollution prevention plan (SWP3).

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "notice of termination" (NOT) form found at [http://www.epa.ohio.gov/Portals/35/permits/General\\_NOT.pdf](http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf) must be completed and sent to the address shown on page 2 of the NOT instructions.

If you have questions regarding this letter you can contact me at 937-285-6442, or via email at [chris.cotton@epa.ohio.gov](mailto:chris.cotton@epa.ohio.gov).

Sincerely,

Chris Cotton  
Environmental Specialist II  
Division of Surface Water
