Mr. James Adams, Environmental Manager
County Environmental of Wyandot
11164 County Road 4
Carey, Ohio 43316

Dear Mr. Adams:

This will acknowledge our April 29, 2013, compliance inspection at your Wyandot County facility. This facility is located at 11164 County Road 4, Carey, Ohio. This inspection was conducted to evaluate compliance with your facility's National Pollutant Discharge Elimination System (NPDES) permit No. 2IN00121*DD (OH0102482).

At the time of the inspection, Outfalls 003, 009 and 012 were discharging. Outfall 004 did not appear to be discharging. When a discharge occurs from any of these outfalls, it must be sampled in accordance with this NPDES permit.

Our review of your Discharge Monitoring Reports (DMRs) (1/1/2012 to 4/1/2013) for this facility indicated a number of effluent violations. Please refer to the enclosed violation table. Please inform this office in writing within 10 days as to the steps that will be taken to bring the facility into compliance with the effluent limits contained in the NPDES permit. Failure to make adequate progress may result in escalated enforcement action by our agency.

A completed inspection report is included for your review. If you have any questions or comments, please call me at 419-373-3021.

Sincerely,
