**Re: Howard Industries / Franklin County  
No Exposure Certification 4GRN0851\*AG**

Dear Mr. Powell:

This letter is written in regard to the storm water inspection that I conducted on May 13, 2013, at Howard Industries, located at 1840 Progress Avenue, in Columbus, Ohio. The inspection was conducted as a follow-up to a previous inspection to determine compliance with your No-Exposure Exemption (NOE). This facility is required to seek storm water permit coverage, from Ohio EPA in accordance with 40 CFR 122.26, authorizing storm water discharges or obtain a NOE. You have submitted and obtained a No-Exposure Exemption for this facility as you claim there are no activities or exposed materials, which pose a threat to storm water. You are now compliant with your NOE. Based on my observations, I noted the following during my inspection (please see attached pictures):

Two roll-off trash containers at the site were removed.

The totes and waste containers that had residual material stored outside at your facility have been removed.

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
