**RE: Champion City Business Park; NPDES Permit # 1GC04381*AG; Compliance
Inspection Findings**

Dear Mr. Shanayda:

On Friday, May 31, 2013, I inspected the Champion City Business Park project in Springfield, Ohio to determine compliance with the site's NPDES construction site storm water discharge permit. No one was present at the sight at the time of the inspection.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review the sediment control inspections logs or the site's storm water pollution prevention plan before my inspection.

Based on my observations from the inspection and my review of the site's storm water pollution prevention plan, it is evident that the current erosion controls are meeting requirements under the NPDES permit.

If you have any questions regarding the NPDES permit you can contact me at (937) 204-1002 or via email at james.schwieterman@epa.ohio.gov.

Sincerely,

A handwritten signature in black ink that reads "James Schwieterman". The signature is written in a cursive style with a long horizontal flourish at the end.
