**Re: Notice of Termination Inspection Fairfield County Utility Department Administrative Office and
Garage Complex/ Fairfield County
Permit Number: 4GC03409*AG**

Dear Tony Vogel:

This letter is written in follow-up to a construction storm water inspection by Paul Hafner, Brittany Turner, and Sam Marotta of the Ohio EPA, we conducted at Fairfield County Utility Department Administrative Office and Garage Complex located at 6670 Lockville Road Northwest Carroll, Ohio on May 28, 2013. The purpose of the inspection was to evaluate compliance with Ohio EPA's General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

It appeared during the inspection that construction activity has been completed for this site. A Notice of Termination will be required provided the post construction requirements are met. Please address the following:

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at: <http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844.

Sincerely,

Harry Kallipolitis
