Re: **The Woods / Fairfield County**

Dear Mr. Cox:

This letter is written regarding the storm water inspection I conducted, on June 4, 2013, of the construction activities at The Woods, located off State Route 188, in Lancaster, Ohio. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following was observed or discussed at the site:

**Sediment and Erosion Controls:**

- There was no active construction at the site during the inspection. There was no erosion leaving the site and most all barren areas were stabilized. You are in compliance with your General Storm Water Permit.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water  
Central District Office
