Re: Circleville First Moving Forward Church, Pickaway County

Dear Mr. Rucker:

This letter is written regarding the storm water inspection that I conducted on June 5, 2013, at the Circleville First Moving Forward Church located at 9563 State Route 22, in Stoutsville, Ohio. I understand that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on my site inspection and the General Storm Water Permit, the following items must be addressed.

Sediment and Erosion Controls:

A large portion of the southeastern portion of the site was barren. The barren areas appear to have been put into farmland. However, no crops appear to have started to grow yet. Please be aware that barren areas must be stabilized. Please state if the barren areas have been planted with farm crops. My email address is greg.sanders@epa.state.oh.us.

If you have any questions or comments regarding my inspection or comment letter, please call me at 614.728.3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
Central District Office
