**Re: Laurelville Dollar General, Pickaway County**

Dear Mr. Bush:

This letter is written in follow-up to a construction storm water inspection that I conducted on June 5, 2013, at Laurelville Dollar General located at 15786 Ohio 56, in Laurelville, Ohio. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, I noted the following:

**Sediment and Erosion Controls:**

There was no active construction during my inspection. The site was stabilized and no erosion appeared to be leaving the site. If construction starts, please be aware the General Permit states that erosion controls should be installed and all barren areas which remain idle in excess of 21 days must be protected from erosion within seven days of the last earth disturbing activities.

If you have any questions regarding this letter or my inspection, please do not hesitate to call me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Stormwater Section  
Division of Surface Water  
Central District Office
