Ms. Kim Schubert, Superintendent  
Bellevue City Schools  
125 North Street  
P.O. Box 8003  
Bellevue, Ohio 44811

Dear Ms. Schubert:

On May 23, 2012, the York Elementary School received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP). This CGP is still active and you are named as the contact on the application.

On May 14, 2013, I performed an inspection of this site located at 2314 East McPherson Highway, Sandusky County. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that you are eligible to terminate this National Pollutant Discharge Elimination System (NPDES) permit.

Construction activities have been completed with final stabilization achieved on all portions of this site. The CGP requires that a Notice of Termination (NOT) be filed to relieve you of the obligation to comply with the terms and conditions of this general permit including regular inspections of the site. I am enclosing an NOT form and instructions for your convenience.

Please submit this form to: Ohio Environmental Protection Agency  
General Permit Program  
P.O. Box 1049  
Columbus, Ohio, 43216-1049

If you have any questions, please contact me at (419) 373-3016 or by e-mail at [patricia.tebbe@epa.ohio.gov](mailto:patricia.tebbe@epa.ohio.gov).

Sincerely,

Patricia A. Tebbe, P.E.
