**RE: Town Run Sewer, Pump Station & Storage; NPDES Permit # 1GC04307*AG;
Construction Site Inspection**

Dear Kelly Jones:

On Thursday, June 6, 2013, I inspected the Town Run Sewer, Pump Station & Storage construction project located in Georgetown, Ohio, to determine compliance with its NPDES construction sites storm water discharge permits. I walked the property but did not meet with anyone on the site.

Based on my observations, there were no obvious violations of the project's storm water discharge permit.

By June 24, 2013 in your written response to this letter please include the following for review:

1. A copy of the site's storm water pollution prevention plan (SWPPP)
2. Copies of sediment control inspection records since work on the project begun.

If you have questions regarding this letter, you can contact me at (937) 204-1003 or via email at eric.damian@epa.ohio.gov.

Sincerely,

Eric Damian
