RE: SR 132 Sanitary Sewer Petition Project; NPDES Permit # 1GC04014*AG

Dear Mr. Engel:

On Monday, June 17, 2013, I visited the SR 132 Sanitary Petition Project located at the north side of State Route 132 – 2224 State Route 132 to the Clermont/Warren County Line in Goshen, Ohio, with the intent of determining compliance with the site's NPDES construction permit.

At the time of this visit it was determined that the project in question has been completed. Land disturbed by various construction activities appeared to have been adequately stabilized with landscaping or the planting of grass and/or other vegetation.

Since the project has been completed, a Notice of Termination (NOT) must be submitted to Ohio EPA. This one page form is available at http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf. It must be completed and sent to the following address:

Ohio Environmental Protection Agency
General Permit Program
P. O. Box 1049
Columbus, Ohio 43216-1049

If you have questions regarding this letter, you can contact me at (937) 204-1003 or via email at eric.damian@epa.ohio.gov.

Sincerely,

Eric Damian
