Re: Muskingum County
Bedford Place Offsite Improvements
Storm Water Construction Activity
Permit #0GC01833*AG

Mr. Roy Lowenstein
Buckeye Community Twenty One LP
3021 E Dublin-Granville Road
Columbus, Ohio 43231

Dear Mr. Lowenstein:

On May 21, 2013, I visited the site located on Dresden Road that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

A handwritten signature in blue ink, which appears to read 'Clinton Kuenzli', is written over the typed name.
