**RE: Islamic Center of Greater Cincinnati; NPDES Permit #1GC04509\*AG;  
Compliance Inspection Findings**

Dear Mr. Adhami:

On Thursday, June 20, 2013, I inspected the Islamic Center of Greater Cincinnati site near Cincinnati, Ohio to determine compliance with the site's NPDES construction site storm water discharge permit. No one was on site during the inspection.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review the sediment control inspections logs or the site's Storm Water Pollution Prevention Plan (SWP3) before my inspection.

The grade of the site was completed around the newly, constructed roadway. Grass was planted and looked to be around 70% established.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "notice of termination" (NOT) form found at [http://www.epa.ohio.gov/Portals/35/permits/General\\_NOT.pdf](http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf) must be completed and sent to the following address:

Ohio Environmental Protection Agency  
General Permit Program  
P. O. Box 1049  
Columbus, Ohio 43216-1049

No response to this letter is needed.

Jamal Adhami
