**RE: Villas at Timber Ridge Section 3; NPDES Permit # 1GC04642*AG
Construction Site Inspection**

Dear Mr. Morris:

On Tuesday, June 18, 2013, I inspected the Villas at Timber Ridge Section 3 construction site located at the south end of Clear Springs Ct. in Carlisle, Ohio, to determine compliance with its NPDES construction site storm water discharge permit. I walked the property, but did not meet with anyone while at the site.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review sediment control inspection logs, or the site's storm water pollution prevention plan (SWP3).

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "Notice of Termination" (NOT) form found at [http://www.epa.ohio.gov/Portals/35/permits/General NOT.pdf](http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf) must be completed and sent to the following address:
