**RE: Harveysburg Road Widening Project; NPDES Permit 1GC04523*AG
Construction Site Inspection**

Dear Mr. Tunison:

On Tuesday, June 18, 2013, I visited the Harveysburg Road Widening Project located in Harveysburg, Ohio, with the intent of determining compliance with the sites NPDES construction permit.

At the time of this visit, it was determined that the project in question has been completed. Land disturbed by various construction activities appeared to have been adequately stabilized with landscaping or the planting of grass and/or other vegetation.

Since the project has been completed, you must submit a Notice of Termination to Ohio EPA. This form is found at <http://www.epa.ohio.gov/Portals/35/permits/General NOT.pdf>. Please send the completed form to:

Ohio Environmental Protection Agency
General Permit Program
P. O. Box 1049
Columbus, Ohio 43216-1049

If you have questions regarding this letter, please contact me at (937) 204-1003 or via email at eric.damian@epa.ohio.gov.

Sincerely,

Eric Damian
