Re: Morgan County
McConnelsville 2013 AMRP
Storm Water Construction Activity
Permit #0GC01935*AG

Mr. William Rich
Columbia Gas of Ohio/Nisource Co.
98 Steubenville Avenue
Cambridge, Ohio 43725

Dear Mr. Rich:

On May 29, 2013, I visited the site located on Plum Road, 2nd Street, 10th Street, and McConnells Avenue in McConnelsville that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues. If your company has not begun work, please refer to Ohio EPA NPDES Permit OHC000003 for storm water control requirements.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

A handwritten signature in blue ink that reads "Clinton Kuenzli". The signature is written in a cursive style.
