Re: MRC Sales & Service / Madison County

Dear Mr. Miller:

This letter is regarding the storm water inspection that I conducted on June 20, 2013, at Peter's Photography, located along Keny Boulevard in London, Ohio, on September 27, 2011. *It appears construction has not started at this site.* The Ohio EPA has received and approved this site for coverage under the General Storm Water Permit associated with Construction Activities. The following was noted during the inspection:

Sediment and Erosion Controls:

- There was no active construction at the site during the inspection. There was no erosion leaving the site and no barren areas. You are in compliance with your General Storm Water Permit.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,
