Re: Harrison County
Village of Cadiz WWTP Improvements
Storm Water Construction Activity
Permit # OGC01887*AG

Mr. Tom Carter
Village of Cadiz
128 Court Street
P.O. Box 153
Cadiz, Ohio 43907

Dear Mr. Carter:

On June 5, 2013, I visited the site located on Country Club Drive that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

A handwritten signature in black ink that reads "Jared Kemper". The signature is written in a cursive, flowing style.
