Re: Tuscarawas County
Panhandle Passage Trail
Storm Water Construction Activity
Permit OGC01910*AG

Mr. Tim Still
Village of Dennison
302 Grant Street
Dennison, Ohio 44621

Dear Mr. Still:

On June 17, 2013, I visited the site located at Panhandle Athletic Club Park and McCluskey Park that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statues, Ohio Revised Code (ORC) Chapter 6111.

It appeared that the project had not begun. Please be sure to implement permit requirements when construction does begin.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

A handwritten signature in black ink, which appears to read "Clinton Kuenzli". The signature is written in a cursive style.
