**RE: City of Hamilton Electric Pole Yard; NPDES Permit # 1GC04155\*AG; Compliance Inspection Findings**

Dear Mr. McIntire:

On Wednesday, July 10, 2013, I inspected the City of Hamilton Electric Pole Yard site in Hamilton, Ohio to determine compliance with the site's NPDES construction site storm water discharge permit. No one was at the site during the inspection.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review the sediment control inspection logs or the site's storm water pollution prevention plan before my inspection.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "notice of termination" (NOT) form found at <http://www.epa.ohio.gov/Portals/35/permits/General NOT.pdf> must be completed and sent to the following address:

Ohio Environmental Protection Agency  
General Permit Program  
PO Box 1049  
Columbus, OH 43216-1049

No response to this letter is needed.

If you have any questions regarding the NPDES permit you can contact me at (937) 204-1002 or via email at [james.schwieterman@epa.ohio.gov](mailto:james.schwieterman@epa.ohio.gov).

Sincerely,

James Schwieterman  
Storm Water Group  
Division of Surface Water
