Re: Washington County
PIR 775 - Ridge St. & Locust St.
PIR 992 - Main Street
Storm Water Construction Activity
Permit #OGC01660*AG
Permit #OGC01866*AG

Mr. Mark Ervin
East Ohio Gas Co.
320 Springside Drive
Suite 320
Akron, Ohio 44333

Dear Mr. Ervin:

On May 28, 2013 I visited the sites located on Ridge Street and Locust Street, and on Main Street, 3rd Street, 4th Street, 5th Street, 8th Street, and Florence Street in Belpre, Ohio. The purpose of my site visits and inspections was to determine the compliance of these sites with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspections were conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

At the time of my inspection, the sites were inactive and it appeared that construction activities had not begun. When the projects do begin, you must implement storm water controls as outlined in Ohio EPA NPDES General Permit OHC000003.

When construction is complete, in accordance with the NPDES permit, a Notice of Termination (NOT) must be submitted to the Ohio Environmental Protection Agency (Ohio EPA) to release you from the terms and conditions of this permit.

A NOT may be submitted to Ohio EPA if the following requirements have been fulfilled:

1. A perennial vegetative cover (or equivalent means of stabilization) has been established over 100% of the surface area disturbed during construction. The vegetative growth must be at a growth density of 70%.
2. All temporary sediment and erosion controls have been removed and properly disposed.

3. All sediment has been permanently stabilized to prevent further erosion.
4. Construction activity at the site has ceased.

If your site meets the above criteria, please submit a NOT within 45 days of the completion of construction activities. Failure to submit a NOT is a violation of the permit requirements and may affect your ability to obtain a NPDES permit in the future. If your project has not yet begun or future phases of the project are planned please do not submit your NOT.

Please send the completed NOT to the following address:

Ohio Environmental Protection Agency
Division of Surface Water
Storm Water Section
P.O. Box 1049
Columbus, Ohio 43216-1049

If you have any questions, please contact at (740) 380-5277.

Sincerely,

Aaron Wolfe
Storm Water Section
Division of Surface Water
