RE: 6460 Werk Road; NPDES Permit # 1GC04290*AG; Construction Site Inspection

Dear Mr. Schmidt:

On Tuesday, July 9, 2013, I inspected the project located at 6460 Werk Road in Cincinnati, Ohio, to determine compliance with its NPDES construction site storm water discharge permit. I walked the property, but did not meet with anyone while at the site.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review sediment control inspection logs or the site's storm water pollution prevention plan (SWPPP).

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "notice of termination" (NOT) form found at http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf must be completed and sent to the following address:

Ohio Environmental Protection Agency

PO Box 1049
Columbus, OH 43216-1049

If you have questions regarding this letter you can contact me at (937) 204-1003, or via email at eric.damian@epa.ohio.gov.

Sincerely,
