**RE: Hueston Woods State Park; NPDES Permit #1GC03889\*AG; Compliance Inspection Findings**

To Whom It May Concern:

On Tuesday, July 16, 2013, I inspected the Hueston Woods State Park site near College Corner, Ohio, to determine compliance with the site's NPDES construction site storm water discharge permit. This site ran from 6301 Park Office Road from Butler-Israel Road to Four Mile Creek. I did not speak with anyone during the inspection.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review the sediment control inspection logs or the site's storm water pollution prevention plan before my inspection. The project is complete and grass is established.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "notice of termination" (NOT) form found at [http://www.epa.ohio.gov/Portals/35/permits/General\\_NOT.pdf](http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf) must be completed and sent to the following address:

Ohio Environmental Protection Agency

If you have any questions regarding the NPDES permit you can contact me at (937) 204-1002 or via email at [james.schwieterman@epa.ohio.gov](mailto:james.schwieterman@epa.ohio.gov).
