**RE: Greenville Oncology and Urology Center; NPDES Permit # 1GC04413*AG;
Compliance Inspection Findings**

Dear Mr. Eling:

On Tuesday, July 16, 2013, I inspected the Greenville Oncology and Urology Center site in Greenville, Ohio, to determine compliance with the site's NPDES construction site storm water discharge permit. I did not speak with anyone at the site.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review the sediment control inspection logs or the site's storm water pollution prevention plan before my inspection. The project is now complete and grass is established on the site.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "notice of termination" (NOT) form found at <http://www.epa.ohio.gov/Portals/35/permits/General NOT.pdf> must be completed and sent to the following address:

Ohio Environmental Protection Agency
General Permit Program
PO Box 1049
Columbus, OH 43216-1049

No response to this letter is needed.

Mr. Bob Eling
Greenville Oncology and Urology Center
