Storm Water Construction Activity
Permit #0GC01946*AG

Mr. Michael Bernstein
Genesis Healthcare System

Zanesville, Ohio 43701

Dear Mr. Bernstein:

On June 26, 2013, Joe Cook and I visited the site located on Maple Avenue that has a construction storm water permit with the Ohio EPA. The purpose of our inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statues, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

A handwritten signature in blue ink, which appears to read "Clinton Kuenzli".
