Re: Harrison County
Piedmont Impoundment
Storm Water Construction Activity
Permit # OGC01897*AG

Mr. Aaron Tong
Kokosing Construction Co., Inc.
6235 Westerville Road
Westerville, Ohio 43035

Dear Mr. Tong:

On June 26, 2013 I visited the site located at the intersection of Old Piedmont Rd and Fair Rd that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statues, Ohio Revised Code (ORC) Chapter 6111.

At the time of the inspection, the project did not appear to have begun. When the project does begin, you must implement storm water controls as outlined in Ohio EPA Permit OHC000003.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact me at (740) 380-5447.

Sincerely,

A handwritten signature in cursive script that reads "Jared Kemper".
