**Re: Construction Storm Water Inspection at Franklin County Sanitary Landfill / Franklin County / Permit Number: 4GC04179 \*AG**

Dear Mr. Ashton:

This letter is written regarding a storm water inspection conducted by Rachel Bellis and Elizabeth Pleta of the Ohio EPA at Franklin County Sanitary Landfill located at 3851 London-Groveport Road on June 2, 2013. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

**Sediment and Erosion Control:**

- It appears there is positive flow from the site towards the basins intended for sediment control. Please maintain.
- The sediment controls at this site are currently functioning properly. Please continue to monitor and ensure continued compliance with the General Storm Water Permit Associated with Construction Activities.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us).
