Re: Tuscarawas County
Steele Portal
Storm Water Construction Activity
Permit OGC01458*AG
Permit OGC01580*AG

Mr. D. Michael Jamison
Rosebud Mining Co.
101 East Market Street
Cadiz, Ohio 43907

Dear Mr. Jamison:

On June 17, 2013, I attempted to visit the sites located on Moravian Trail Road, and south of SR 800 & Feed Springs Road, outside of Dennison, Ohio. I was unable to locate the site. The purpose of my site visit and inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

In accordance with the NPDES permit, a Notice of Termination (NOT) must be submitted to the Ohio Environmental Protection Agency (Ohio EPA) to release you from the terms and conditions of this permit.

A NOT may be submitted to Ohio EPA if the following requirements have been fulfilled:

1. A perennial vegetative cover (or equivalent means of stabilization) has been established over 100% of the surface area disturbed during construction. The vegetative growth must be at a growth density of 70%.
2. All temporary sediment and erosion controls have been removed and properly disposed.
3. All sediment has been permanently stabilized to prevent further erosion.
4. Construction activity at the site has ceased.

If your site meets the above criteria, please submit a NOT within 45 days of the completion of construction activities. Failure to submit a NOT is a violation of the permit

requirements and may affect your ability to obtain a NPDES permit in the future. If your project has not yet begun or future phases of the project are planned please do not submit your NOT.

If your project is still ongoing, please continue implement storm water controls as required by your permit.

Please send the completed NOT to the following address:

Ohio Environmental Protection Agency
Division of Surface Water
Storm Water Section
P.O. Box 1049
Columbus, Ohio 43216-1049

If you have any questions, please contact Aaron Wolfe at (740) 380-5277 or myself at (740) 380-5447.

Sincerely,

Clinton Kuenzli
