RE: Abbott Industrial Facility; NPDES Permit 1GC04201*AG; Compliance Inspection Findings

Dear Mr. Dirks:

On Thursday, August 1, 2013, I inspected the Abbott Industrial Facility in Tipp City, Ohio to determine compliance with the site's NPDES construction site storm water discharge permit. No one was at the site during the inspection.

Based on my observations, there were no obvious violations of the project's storm water discharge permit. I did not review the sediment control inspections logs or the site's storm water pollution prevention plan before my inspection.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit must be terminated. A one page "Notice of Termination" form, found at www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf, must be completed and sent to the following address:

Ohio Environmental Protection Agency
General Permit Program
P. O. Box 1049
Columbus, Ohio 43216-1049

No response to this letter is needed.

If you have any questions regarding the NPDES permit, you can contact me at (937) 204-1002 or by email at james.schwieterman@epa.ohio.gov.

Sincerely,

James Schwieterman
Storm Water Group
Division of Surface Water
