NOTICE OF VIOLATION

Dear Mr. Diemer:

On June 2, 2013, Ohio EPA arrived to conduct an inspection at the Metal Seal and Products Inc. facility located at 4323 Hamann Parkway. Our inspection's purpose was to determine compliance with the Ohio EPA General Storm Water National Pollutant Discharge Elimination System (NPDES) Permit for Industrial Activity #OH000005. The site's industrial activities are categorized by the Standard Industrial Classification (SIC) Code 3452: Fabricated Metal Products, Except Machinery and Transportation Equipment, and Coating, Engraving, & Allied Services. This corresponds to Subsector AA1 in Part 8 of the NPDES permit. Josh Bewley and I represented the Ohio EPA. Arriving at the site, we were informed that the facility, Metal Seal and Products Inc. at 4323 Hamann Road has changed name and location to Metal Seal Precision, Ltd. at 7333 Corporate Boulevard. Since your name, Dale Diemer is on the NOI, you are the one to be contacted about this violation of the NPDES Permit.

- **Failure to modify the Notice of Intent (NOI) to reflect a change in facility contact information.** This is a violation of Appendix B.11.D of the NPDES permit and ORC 6111.04 and 6111.07. The NOI has the outdated contact information for the name and location of the facility. It is required by the NPDES Permit to make the modifications to the existing NOI submitted for authorization. Please submit a modified NOI and explanatory cover letter to:
