Re: **Notice of Violation**
Allen County
Superior Forge and Steel Corporation
Ohio EPA Permit No. 2ID00012
NPDES Permit No. OH0095346

August 9, 2013

Mr. Michael Nigh
EHS Manager
Superior Forge and Steel Corporation
1820 McClain Road
Lima, Ohio 45804

Dear Mr. Nigh:

This letter serves as a Notice of Violation to inform you that your facility's April 2013 discharge monitoring report was submitted late. As a reminder, hard copy self-monitoring report submissions are due on the 15th day of the following month and electronic submissions are due on the 20th day of the following month. Even if no discharge occurs, as long as the permit is in place, a report must be submitted.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General Conditions of your National Pollutant Discharge Elimination System (NPDES) permit may be cause for enforcement action pursuant to Ohio Revised Code (ORC) Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://epa.ohio.gov/ocapp> or by calling (614) 644 – 3469.

If there are any questions, please contact me at (419) 373 – 3022.

Sincerely,

Justin A. Williams
