Dear Mr. Zhang:

This letter serves as a Notice of Violation to inform you that we are missing the discharge monitoring report listed on the enclosed sheet of paper. As a reminder, hard copy self-monitoring report submissions are due on the 15th day of the following month and electronic submissions are due on the 20th day of the following month.

Within 10 days of the date of this letter, please submit the missing discharge monitoring report and inform our office in writing as to the reasons for the above referenced violation. Your response will need to include a description of the actions taken or proposed to prevent any further violations. Your response should include the dates, either actual or proposed, for completion of the actions.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://epa.ohio.gov/ocapp> or by calling (614) 644 – 3469.

If there are any questions, please contact me at (419) 373 – 3022.

Sincerely,

Justin A. Williams
