Mr. Carl E. Wuebbenhorst, Jr., President
Glacier Hill Lakes Campground
11675 Wapak-Fryberg Road
Wapakoneta, Ohio 45895

Dear Mr. Wuebbenhorst:

We are in receipt of your self-monitoring reports covering the months of April through June 2013 for the above referenced facility. Our review indicates a violation of the conditions of your National Pollutant Discharge Elimination System (NPDES) permit. The specific instance of non-compliance is enclosed on a separate sheet.

Within 14 days of the date of this letter, please submit, in writing, the actions that you propose to undertake in order to return your facility to compliance with your NPDES permit. These actions and timetable may also be submitted by email to me at Justin.Williams@epa.ohio.gov.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://epa.ohio.gov/ocapp> or by calling (614) 644 – 3469.

If you wish to meet with our office to discuss this matter, please contact me at (419) 373 – 3022, **within 10 days** of receiving this letter in order to set up a meeting.

Sincerely,

Justin A. Williams
